

FTZ Enterprise Operation Review and Approval Process

An enterprise approved to be established within an FTZ shall, within two (2) years from the date of such approval, complete its establishment in accordance with its business plan; while the Management Authority may, jointly with relevant authorities, conduct survey(s) and inspection(s) based on its business plan. In the event that the establishment cannot be completed in accordance with its business plan due to a cause not attributable to the applicant, an application in writing for extension of the deadline for the establishment may be filed with the Management Authority provided that no more than two extension applications are allowed, and each extension shall not exceed six (6) months

Documents to be reviewed :

1. An application
2. Documents on operation renewal or changes
3. A business plan
4. The operating procedures for goods control, the on-line operation of goods customs clearance, and accounting operations
5. The name of the company and the pre-inspected documents for incorporation and registration certificate of the business in the case of a newly invested and incorporated company.
6. Documents related to machines, equipment and apparatus, safety and sanitation facilities, working conditions and pollution prevention
